Oneject Auto Disable Syringe

ONEJECT Auto Disable Syringe design uses a simple yet effective technology by Star Syringe Limited (UK). After injection, the plunger will lock and immobilize automatically making the syringe unusable. This design is WHO / PQS approved and certified to all Auto Disable Syringes from PT Oneject Indonesia.

AUTO DISABLE SYRINGE ADVANTAGES:

1. Auto Disable Syringe can only be used once.
2. After injection, plunger automatically locked and will break when retracted.
3. Minimizes disease contamination from syringes.
4. Minimizes syringes misuse such as use more than once.
5. Protect Patients and Healthcare Workers from contamination .
6. Increase patient trust in Healthcare Workers.

Oneject AD Syringe 0.05ml
26G x 3/8" (10 mm)
PQS-WHO No: E008/030

Oneject AD Syringe 0.3ml
